Live AI STORY MAKER

AI STORY MAKER

Students create, read, and record their own stories! AI storymaker is a great tool for students who struggle with reading! Because students create their own stories, they will be more motivated to read them! You will be amazed at their progress!

Grand Opening Campaign 2025
Special rate: ¥880/month per student for groups of 20 or more!
(each student receives 2 books per month)
Campaign ends March 31st 2026

Have you ever tried using an "all-you-can-read online library" to improve your students' reading skills? How did reluctant readers respond to this reading environment? How did you help students who struggled with reading? The most important factor in improving English proficiency is the learner's motivation! AI Story Maker will increase your students' motivation! It is accessible a digital devices using a web browser.
①**Making reading fun** **Motivation**
: Learners who struggle with reading will be motivated to read more; while learners who like reading will be excited by the nearly endless possibilities of AI storybook creation!

②**Learning new words** **Vocabulary & Grammar**
: Since the stories are written by the students themselves, they are highly motivated to understand the content and naturally acquire vocabulary and grammar skills.

③**Listening to the story** **Listening**
: Students can listen to native speakers read their story aloud!

④**Reading the story aloud** **Speaking**
: Students can recite and record their own stories!

⑤**Reflecting on the story** **Logical reasoning & Critical thinking**
: Students can develop their logical reasoning and critical thinking skills by rereading their own work and comparing it with their friends.

⑥**Sharing the story** **Enjoy English**
: Students can share their stories with their classmates, friends and family to further enhance their enjoyment of English! Students will want to talk about their stories in English!

Each original story is created through several STEPs! You can manage your students' accounts with your teacher account. For more details, please see the reverse side.

That's the story I've provided.

Once upon a time, in ancient ruins, there was a clever elf named Oliver. He carried a magical staff. One day, Oliver found a small, lost creature crying. "What's wrong?" asked Oliver. The creature said, "I am lost and scared." Oliver thought and then smiled. "I can help you," he said. Oliver used his magical staff to create a glowing trail. "Follow this trail," he told the creature. The creature started to follow the trail. Oliver walked beside it. Along the way, Oliver explained, "Sometimes, we need...

The Lost Creature

Please adjust the story pages and paragraphs according to your ideas.

P1 Once upon a time, in ancient ruins, there was a clever elf named Oliver.
He carried a magical staff.
One day, Oliver found a small, lost creature crying.

P2 "What's wrong?" asked Oliver.
The creature said, "I am lost and scared."
Oliver thought and then smiled.

P3 "I can help you," he said.
Oliver used his magical staff to create a glowing trail.
"Follow this trail," he told the creature.
The ... ...t to follow the trail.

Check the content you have chosen. If it is good, check the story created by the AI, then check the content assigned to each page.

Step 3

We have completed the story creation.
The next step is to add beautiful illustrations to the picture book, making the story more vivid and interesting.
The pictures will be AI-generated and may not fully match the story's content.

Please choose your picture book style.
