M'S Verb Game Apps for Spelling

M'S Verb Game Apps for Spelling

Item No.:MSPA401PVC

Minimum lot size of 20 pieces - Sold as a set of student numbers.

- ※The game cannot be operated properly with the browser display from QR.
- ※Available on devices with iOS 14 or higher and a screen size of 1024 x 768 pixels or larger.
- ※Not available on smartphones or some tablets.

1 Verb Dictionary ★★★

Can be used for pronunciation, spelling, and conjugation quizzes! Basic verbs are covered at each level of the text. Conjugations and example sentences are studied with native audio and can be used for quizzes.

2 Platform Game ★★★ Exciting and challenging!

This game picks up the alphabet as you spell the verb. Learn correct spelling in a fun way by moving sideways and jumping.

3 Wordsearch ★★★ Multiple players can compete!

In this game, the player searches for verbs hidden vertically, horizontally, diagonally, and in random directions up and down among the alphabets lined up on one side of the screen.

4 Memory Game ★★★

You can choose the number of players to play against and enjoy! The game matches words with illustrations of verbs used in a series. Up to 4 players can play.

5 Typing Game ★★★ Challenging basic grammar!

In this game, you listen to short sentences with audio and type the correct form of the missing verb. There are also high-level questions such as the present progressive tense!

6 Spelling Game ★★★ Chance to learn correctly!

In this game, identify the verbs in the illustrations and line up the letter blocks with the correct spelling. When you have done it, click ● in the upper right corner to go to the next question!

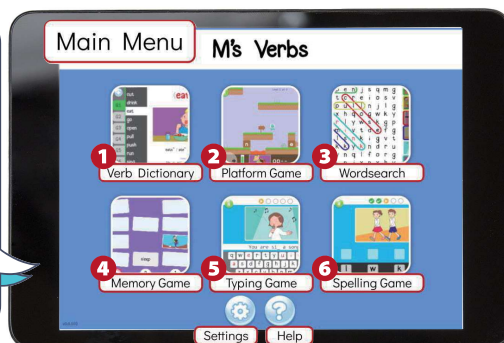

Point!

Search

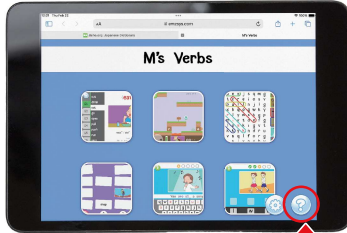

For more detailed operation guide, see reverse side.

To operate the game properly, it must be “added” or “downloaded” to the device's home screen.

For iOS: Please use the “M's Verbs” icon that appears on your home screen by tapping the upper right  mark on the tab that opens in Safari from QR, then “Add to Home Screen”, and then “Add”.

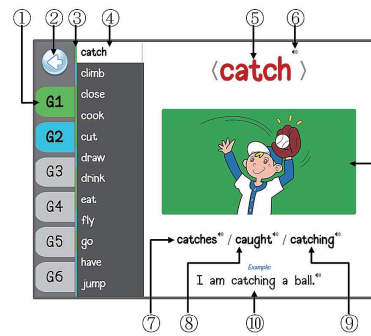

For Android: Please use the “M's Verbs” icon that appears on the home screen by tapping the upper right  mark on the tab that opens in Google from QR, and then tapping “Install”.

- **Connection:** Since this is a web-based application, a stable connection to the Internet is required to use it. Please be aware of your connection status, especially while the application is loading or storing information.
- **Display size and device screen size:** The display size of this application will change to match the screen size of the device you are using, but if for some reason the display settings are incompatible, such as a smaller screen (inches/pixels), try changing the device you are using, changing the resolution, or rotating to landscape mode.
(iOS 14 or higher, screen size 1024 x 768 pixels or larger/not available for smartphones)
- **Levels (G1-G6):** All levels displayed in this application are based on our original Basic English Grammar series (1-6).

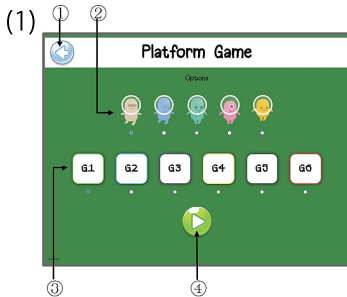

Click here to see how to “Add” and “Download” to your home screen.
